

THE DAUGHTERS AND ROCKY MOUNT MEETING

They Explain Their Part in the Change of Date.

Editor of The Times-Dispatch:
Sir,—Please publish the following letter, which will explain the position of the Daughters of the Confederacy in regard to the reunion on the 7th.

M. L. W. Anderson, chairman Democratic party:
Dear Sir:—There is a rumor abroad that the Jubal Early Chapter of the Daughters of the Confederacy has decided to change the date of the annual reunion in order to assist in a barbecue in honor of Senator Martin.

It is a fact in the case as follows: The date set for the annual reunion was the 8th of August, and preparations were being made by the J. A. Early Camp and the Daughters to celebrate that day, and Major John W. Daniel had been invited to address the veterans. On the 18th day of July several soldiers approached the president of the Jubal Early Chapter and asked the date of the reunion be changed, as there was no association in the country on that date, which many of the soldiers would like to attend. On the same afternoon several gentlemen called on the president and asked that the date be changed from the 8th to the 7th. After consulting several members of the chapter and several veterans, the president decided to change the date of the reunion to the 7th. Before he received her letter, he wrote her that the change had been made. Forsters were already out announcing that Governor Montague would be here, and it was also known that Lieutenant-Governor Willard and Mr. James Aiston Cabell would be present.

It did not occur to the chapter but that the same privileges would be extended each of the distinguished visitors, for they could not co-operate with any party or faction who would act discourteously to the Governor of this State or any of her officers, to whatever party or faction the said officers might belong. The Jubal Early Chapter is no political organization, and only consented to change the date to accommodate the old soldiers for whose pleasure and benefit they always work. Realizing their position for the first Monday (for many years County Court day), and the fact it would be to see and hear so many prominent Virginians, and with no thought of giving to any party except the soldiers—the president did what she thought was best.

For the sake of those soldiers, whom we honor, and who sincerely hope that everything will be conducted with a view to harmony, as the veterans had enough of the other from 1861 to 1865. Very respectfully,
Mrs. CABELL SMITH,
President Jubal Early Chapter,
Rocky Mount, Va., July 29, 1905.

Very respectfully,
Mrs. CABELL SMITH,
President Jubal Early Chapter,
Rocky Mount, Va., July 29, 1905.

COTTON MEN TAKE CASE TO CONGRESS

(Continued From First Page.)

nended to the members of the Southern Cotton Association that through their representatives in Congress and every other means available to them, they exert their influence and that of the association toward securing the immediate reorganization of the Agricultural Department, especially with reference to its reports on the cotton crop, and that their representatives in Congress be requested specifically to demand:

(1) The establishment within the Department of Agriculture of a bureau, to be known as the Cotton Bureau, charged specially and solely with the production of cotton, the cotton crop and all matters concerning that staple.

(2) The appointment as the head of that bureau at an adequate salary of a man whose reputation and antecedents shall be beyond reproach, and whose familiarity with cotton production shall be an additional guarantee of his fitness.

(3) An organization of the bureau, so established upon thoroughly scientific lines, as will insure no possible bias in favor of either buyer or seller of cotton, and no possible prejudice on the part of the cotton producer.

(4) The passage of a law that will be more specific in its scope, and under which government employees can be prosecuted for giving away or selling valuable information, as has been done in the case of the cotton crop.

"We have no doubt of the zeal of the officers of the department, but it seems to be as misdirected in this crisis as it was in the antecedent period. All the powers and influence of the department, of the lawyers, and of every man of the government, seems to be devoted to the attempt to drag a lot of irresponsible speculators. That there have been for years in the department is as well known to the trade as the existence of the department itself; but these are significant as compared with the fundamental mismanagement at the time, however, there is a manifest endeavor to divert attention from the radical errors and deficiencies of the department itself to the thieving practices of a few unworthy officials. Let us not be misled by any such misdirected energy. Let us reform at the top and not on the side. Let us root out the offenders, cleanse the personnel, change the methods and renovate the department from root to branch. Then the cotton crop and good government will alike be served in Rooseveltian fashion.

(Signed) "HARVEY JORDAN,"
"President Southern Cotton Association,"
"Richard Cheatham, Secretary."

What Wilson Says.
Secretary Wilson returned to-day from Oyster Bay where he discussed with the President the cotton report leakage. He answered any questions with a tendency to incriminate them. Mr. Haas responded to questions as to whether he had ever resided in Washington, stating

that he had. The reply to these questions was made in accordance with the direction of the court. He declined, however, to answer further questions. After Messrs. Haas and Peckham had been released from the grand jury room that body adjourned until Thursday.

District Attorney Beach said the grand jury probably would take a recess of some duration after Thursday.

The catch was 112—three of them over two pounds each—the rest a good average. These were caught with fly, and about as many missed as caught, this being particularly the case with large fish, four having been brought to the side of the boat only to break loose at the last moment.

BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only falsity, who, without making an effort to inform themselves, blatantly cry offense against honesty and truth—seem to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedies is a slur against the intelligence of thousands of clear-thinking American women who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in the true meaning of the word—it is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the diseases of women.

Truth and Influence. A name for honesty and square dealing is better than great riches. Fraud is a bubble that soon bursts. Dr. R. V. Pierce has always been known to speak the truth—his famous medicines are founded on the rock of public approval and have thousands of truthful testimonials as to their ability to cure diseases for which they are recommended.

True Speaking. No man ever lost a prospective customer through telling the truth. In the long run Dr. Pierce believes the truth will prevail and he is therefore not afraid to make public his formula.

Valuable Trade Secrets. The ingredients of Dr. Pierce's Favorite Prescription is here given to the public. He vindicates the excellence and harmless character of his "Prescription" by letting the sick and ailing women know just what they are taking when they use this reliable tonic and nerve for the diseases and illnesses peculiarly feminine. These ingredients are combined in just the right proportion to make an efficient remedy without the use of a particle of alcohol.

Non-Alcoholic. Dr. Pierce's Favorite Prescription combines a non-alcoholic extract from the following medicinal plants scientifically prepared by experienced chemists at the laboratory of the World's Dispensary Medical Association, Buffalo, N. Y.:

LADY'S SLIPPER (*Cypripedium Pubescens*),
BLACK COHOSH (*Cimicifuga Racemosa*),
UNICORN ROOT (*Chamaelirium Luteum*),
BLUE COHOSH (*Caulophyllum Thalicoides*),
GOLDEN SEAL (*Hydrastis Canadensis*).

Nature's Way. King's American Dispensary says of BLUE COHOSH (*Caulophyllum*): "This remedy is most valuable to relieve irritation of the organs in debilitated patients. It has an established reputation as a remedy for nervous excitement due to those disorders peculiar to women as well as for the relief of pain, with fullness, weight and pain in the legs, debility, crampy pains, etc."

"Golden Seal is very useful in catarrhal states of the mucous membranes."
"Black Cohosh or Black Snake-root—Our early American Indians set a high value on in diseases of women. It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness."

Lady's Slipper is "a nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."

All Women. Women should know that this "Prescription" promptly heals inflammation and ulceration, stops weakening drains and restores the health and vigor of youth. It banishes morning sickness and other discomforts of ante-maternity. It makes "fresh, vigorous women." Read what one woman out of many thousands has said about this "Favorite Prescription" of Dr. Pierce:

Truth Speaks. "I suffered for more than seven years with a complicated form of female trouble accompanied with nervous prostration. I wrote to Dr. Pierce, followed his instructions, took Dr. Pierce's Favorite Prescription and now feel grateful to him for my restoration to health. I have, within the past fifteen years, suggested and recommended Dr. Pierce's treatment to hundreds of ladies with grand results," writes Mrs. H. Harrison, of 112 West Second Street, Sioux City, Iowa.

to President Roosevelt with his demands. He said:

"I have reported my course to President Roosevelt and I have not taken President Jordan into my confidence. President Roosevelt knows what is going on in the department; Jordan does not. Yes, I hope Jordan will carry his demands to Oyster Bay."

MOODY SEES PRESIDENT. Latter Gives Out Telegram Upholding Secretary Wilson.

(By Associated Press.)
OYSTER BAY, N. Y., August 1.—Attorney-General William H. Moody arrived here to-day somewhat unexpectedly. His mission is to consider with the President the cases which have been turned over to the Department of Justice from the Agricultural Department.

President Roosevelt to-day authorized the publication of a telegram which he had received from William S. Harvey, president of the board of trustees of the Commission, Museum of Philadelphia, and chairman of the advisory committee of the National Board of Trade, concerning the work of Secretary Wilson, of the Department of Agriculture. This telegram said in part:

"No true patriot with an eye single to the service and honor of his country will take advantage of recent disclosures to suggest that he (Secretary Wilson) should resign. Do not forget interested motives have made the section these men represent disavow all government representatives that did not favor them. Their attitude on 'ginnings' reports illustrates. Impartial trustworthiness, public spirited men are ready to co-operate with the Secretary for a broad and comprehensive reorganization of all crop reporting and statistical work, and suggest safeguards and penalties to insure as far as possible honesty and integrity in the future."

GRAND JURY AT WORK. Will Probably Take Long Recess After Thursday.

(By Associated Press.)
WASHINGTON, August 1.—The grand jury continued its investigation into the cotton leak case. The New York witnesses, Messrs. Mr. Haas responded to questions as to whether he had ever resided in Washington, stating

MAKING VACCINATE THE WHOLE CITY

Board of Health Strongly Disposed to Have This Done at Early Date.

It was tacitly agreed by the members of the Health Committee last night that the recommendation of Dr. Oppenheimer that a general vaccination be ordered, would be carried into effect. The question of the prevalence of smallpox in the city was fully discussed, and in order to insure against any spread of the loathsome disease, it was thought wise to order all persons in the city vaccinated. However, the matter will be discussed further at a called meeting within a few days, when it can be told for a certainty what the general feeling is in the city with regard to the presence of smallpox.

Dr. Oppenheimer reported to the committee that all the cases that had been in the city were now under strict quarantine and that there did not appear to be any immediate danger. But to save expense and to guard against any spread of the disease, he advised a general vaccination.

The ordinance of Councilman Williams (to create the office of city bacteriologist) was recommended favorably after a lengthy discussion. This office is for the purpose of studying the diseases against tuberculosis, typhoid fever and diphtheria.

ENDORSE MYERS. Howitzers Adopt Resolution in Support of His Attitude.

The Howitzer incident, as the episode at the recent reception and luncheon tendered Senator Thomas S. The resolution taken was in the nature of a resolution endorsing and commending Captain Myers for his action at the recent reception, when he declined to entertain a resolution offered by Mr. Patterson, on the ground that it was not in order at that time. It is significant that this resolution was adopted at a full meeting of the battery, and that the members of the battery, at their regular meeting last night, determined to take action.

mond will act in conjunction with a committee from the Manchester City Council, and an early settlement of the matter of greater Richmond will be attempted.

The special committee is composed of five members, three from the Common Council and two from the Board of Aldermen. Messrs. Cannon, Bottom and Pollard are from the lower branch, and Messrs. Gunst and Blair from the upper body.

Republicans to Meet. Following is the official notice of the Republican convention to be held here to-morrow:

"A Republican mass convention for the city of Richmond, Va., is duly called to meet at Mason's Hall, No. 411 West Main Street, August 3, 1905, at 1 o'clock P. M., to elect six delegates and six alternates to the State Republican convention, called to meet in the city of Roanoke, Va., August 8, 1905, for the purpose of electing delegates to the fall. All registered Republicans are invited to attend. By order of the City Republican Committee. (Signed) J. M. Elliott, chairman; James A. McLaughlin, secretary."

Mr. Elliott said yesterday that all the colored Republicans of the city were cordially invited and that Chairman Elliott was urging them to attend. Chairman Elliott says if they do not attend it will be their fault.

In Embrace of Cool Breezes. General fair and cool weather is reported over the country. Richmond and vicinity, however, seem to be particularly favored. At 8:30 A. M. yesterday the thermometer registered 68 degrees; at Norfolk, 65; at Washington, 60; at Philadelphia, 64; New York, 66; and Boston, 68. Following are figures for the night of August 1, 1905,
